

# Transportation Information for Parents

(For use in Newsletters, Registration & Open Houses)

## **Transportation Information**

Parents, please feel free to visit our District Transportation website for information related to bus transportation for your child - [District Transportation Website](#)

## **Transportation Services Parent Flyer (NEW)**

Click on the link below for a flyer with important information about our school bus services.

Detailed Transportation information in English - [Parent Flyer \(English\)](#)

Detailed Transportation information in Spanish - [Parent Flyer \(Spanish\)](#)

## **Registering for Transportation:**

Have you registered your child for transportation? You can register them at the following link [CISD Transportation Registration](#). Students who have pre-existing ridership in CISD do **not** need to register again.

## **Finding Information about my child's bus**

You can look up your child's bus route information at the link below. Ensure you click the "Student Eligibility" button at the bottom. [What Bus Do I Ride?](#) *(Please note that this link information may change once new routes have been uploaded. Using the "What Bus Do I Ride?" section of the transportation web page is best practice.)*

## **Request for Service to an Alternate Stop:**

Parents or guardians must submit an Alternate Stop Request Form annually for service to an alternate stop. Students who are **not** eligible for transportation services are not allowed to request or utilize an alternate stop. You can request an alternate stop when you request transportation for your child.

[Alternate Address Request](#) (Same link as the registration link)

## **SMART tag Information and Notifications**

Parents can sign up to receive bus arrival text notifications through our SMART tag system. Click on the link below to learn more about SMART tag and to sign up to receive notification [SMART tag Notifications](#).

## **Change of Address**

If you have moved over the summer, please update your address with the campus registrar or PEIMS clerk. Once the campus makes an address change/correction, it takes about 48 hours for Transportation to process it.

## **Eligibility for Transportation:**

Board policy does not offer transportation to students who live under a mile from the campus. Our one-mile measurement is made from the point at which the residence's driveway meets the public road to the nearest point where any campus driveway meets the public roadway or where any pedestrian walkway (greenbelt) provides access onto campus property (through a gate or driveway). The distances are measured using the District's dedicated school bus routing software and the Montgomery County Appraisal District (MCAD) maps to determine distances.

## **CISD Transportation Center Main Lines**

**District Transportation** Main Line (Directory & Spanish line) - **936-709-7940**

**Conroe** Transportation Center (Conroe HS Feeder) - **936-709-7916**
